

cubs

Attending the Shelterbox Scavenger Hunt is a great way to fulfil many badge requirements for a number of different badges. If your Cubs take part in the bases during the event we envision they will cover the following badge criteria:

Our Skills Challenge – Part 5 (Two problem solving activities)

Our Adventure Challenge – Part 2 (The event more than covers the one-two hour hike)

Our World Challenge – Part 2 (Working with an external organisation is covered if you raise money for Shelterbox) and Part 6 (there will be a number activities based around the environment during the event)

Taking part in the event can also count towards many aspects of the **Teamwork** and **Team Leader** challenge badges.

Throughout the event many aspects of the **Global Issues Activity Badge** are covered, in particular attendance of this event completes Part 3 (Attending an awareness day), other aspects of the badge may also be covered depending what activities the Cubs choose to do during the day.

Why not also encourage Cubs to take lots of photos during the event which can count towards the **Photographer Activity Badge**?
